

## Working Group Meeting for Development of Curriculum and Teaching Material for Certificate Course in Electric Vehicle: 22 to 24 July, 2024

---

A Working Group Meeting for the development of the curriculum and teaching materials for a Certificate Course in Electric Vehicle (EV)

technologies was held from July 22nd to 24th, 2024, at PSS Central Institute of Vocational Education (PSSCIVE), Bhopal. The experts thoroughly reviewed various modules of the course, identifying key EV technologies based on their relevance and ability to

provide learners with essential skills in this rapidly advancing field. The meeting also finalized the list of essential equipment for the EV lab, including high-tech diagnostic tools, battery management systems, charging stations, and other crucial devices. Additionally, the necessary tools for maintenance and repair tasks were confirmed, ensuring that students enrolled in the course will have access to all the resources required for hands-on learning and practical application.
